Slide 1**CALPIA Mission**

CALPIA is a self-supporting, customer focused business that reduces recidivism, increases prison safety, and enhances public safety by providing offenders productive work and training opportunities.

Slide 2**CALPIA Program Goal**

CALPIA develops offenders who have job skills, good work habits, basic education and job support in the community, so that, when they are released, they never return to prison. CALPIA offenders receive industry-accredited certifications that employers value.

CALPIA is overseen by an 11- member Prison Industry Board that is chaired by the Secretary of CDCR.

Slide 3**CALPIA Works**

CALPIA participants returned to prison 26%-38% less often than offenders released from the CDCR general population.

CALPIA's Career Technical Education (CTE) programs have some of the lowest recidivism rates in the country, with a cumulative return-to-prison rate of 7.13%. In 2017, CALPIA began collecting additional return-to custody data through an independent research university.

Slide 4**CALPIA Benefits**

Every person that does not return to prison saves the state \$81,458 per year.

Lower recidivism increases public safety.

A productive offender makes prisons safer.

Slide 5**CALPIA Operates 4 Programs**

- Correctional Industries
- Joint and Free Venture
 - Joint Venture Program = Adult institutions
 - Free Venture Program = Juvenile institutions
- Career Technical Education
- Industry Employment Program

Slide 6**Correctional Industries**

- CALPIA provides approximately 7,500 work assignments.
- CALPIA manages more than 100 manufacturing, service and consumable enterprises at all 35 CDCR institutions.

- The goods and services provided by CALPIA's enterprises are sold predominately to departments of the State of California and other government entities.

Slide 8

Joint and Free Venture

- The Joint Venture Program (JVP) and its sister program for juvenile offenders, the Free Venture Program (FVP), provide vocational training opportunities within California's correctional settings.
- Private sector companies employ adult and juvenile offenders inside institutions
- Pay industry-comparable wages
- Must be at least the California minimum wage.
- Real-world training with employers in the private sector.
- High employability with these organizations.

Slide 9

Career Technical Education (CTE)

- The pre-apprentice programs are trained by union instructors provided by and in partnership with local trade unions.
- Program graduates have a direct pipeline into specific union apprenticeship programs.
- Graduates who are accepted into union apprenticeship programs are provided tools and their first year of union dues by CALPIA.

Slide 16

CALPIA and Prison to Employment

- In FY 2018-19, CALPIA became an active partner with CDCR and the California Workforce Development Board on the Prison to Employment Initiative (P2E).

- P2E increases employment opportunities in construction, and other trades for offenders upon release.
- P2E utilizes regional partnerships and coordinates support through employment and education along with related services for formerly justice-involved individuals.

Slide 17

Improving the Path of Reentry and Workforce Development

- In June 2019, CALPIA partnered with the National Institute of Corrections (NIC).
- CALPIA, CDCR, parole, probation, and sheriff's departments participated in a series of Evidence-Based Workforce Development training workshop.
- The training provided introductory concepts and skills for increasing employment retention rates among formerly incarcerated individuals.
