Introduction

Implementation of California's 2016-2019 Unified Strategic Workforce Development Plan

In Program Year (PY) 2019-20, the California Workforce Development Board (CWDB) continued to work with Workforce Innovation and Opportunity Act (WIOA) core, required, and state strategic partners to implement the final year of California's 2016-2019 Unified Strategic Workforce Development Plan (2016-2019 State Plan).

Below are some key areas where progress was made in PY 2019-20, including:

- Increased investments in innovative workforce development programs that revolve around meaningful industry engagement using WIOA and state funding.
- Increased investments in data system capacity to improve data collection and performance reporting capabilities for WIOA and state funded workforce programs.
- Engaged with the California Legislature to ensure proposed state legislation related to workforce development was in alignment with the 2016-2019 State Plan strategic vision and goals.
- Collaborated with the Employment Development Department (EDD) and other WIOA partners to develop new, or update existing, policy directives so that operational guidance was aligned with and furthered the vision and goals outlined in the 2016-2019 State Plan. These policy directives include:
 - Incumbent Worker Training
[Workforce Services Directive WSD19-01](#)
 - Performance Guidance
[Workforce Services Directive WSD19-03](#)
 - Priority of Service for Veterans and Eligible Spouses
[Workforce Services Directive WSD19-04](#)
 - Strategic Co-Enrollment – Unified Plan Partners
[Workforce Services Directive WSD19-09](#)
 - High Performing Boards
[Workforce Services Directive WSD19-12](#)
 - Selection of AJCC Operators and Career Services Providers
[Workforce Services Directive WSD19-13](#)
 - Emergency Cooperation Agreements
[Workforce Services Directive WSD19-14](#)

Development of California's 2020-2023 Unified Strategic Workforce Development Plan

In PY 2019-20, the California Workforce Development Board (CWDB) spent a significant amount of time engaging with WIOA core, required, and state strategic partners to develop California's 2020-2023 Unified Strategic Workforce Development Plan (2020-2023 State Plan). The 2020-2023 State Plan outlines California's vision for the establishment and growth of a workforce system that enables economic growth and shared prosperity for employers and

employees, especially those with barriers to employment, by investing in industry partnerships, job quality, and meaningful skills attainment rather than low wages, contingent employment, and minimal benefits.

To further this vision, the 2020-2023 State Plan contained three main goals that are in direct alignment with the framework laid out by WIOA. The following goals are intended to drive policy, procedures, and service delivery across programs at the state, regional, and local levels:

- Fostering Demand-Driven Skills Attainment: Aligning workforce and education program content with state industry sectors so that California's employers and businesses are provided with the skilled workforce necessary to compete in the global economy.
- Enabling Upward Mobility for All Californians: Ensuring that workforce and education programs are accessible for all Californians, including those with barriers to employment, by prioritizing investments in marketable skills that will lead to quality jobs that provide economic security.
- Aligning, Coordinating, and Integrating Programs and Services: Economizing limited resources to achieve scale and impact by ensuring workforce and education programs that operate with common goals work in close collaboration towards a coherent and unified strategy.

The CWDB also worked with WIOA core, required, and state strategic partners to develop new, or update existing, partnership agreements for operationalizing the 2020-2023 State Plan strategic vision and goals. Each agreement was based on the same foundational framework and included concrete goals that will be tracked and measured over the next four years of the plan to ensure progress is being made.

National Dislocated Worker Grants

The National Dislocated Worker Grants (NDWG) are awarded by the DOL to address large, unexpected layoff events and areas where employment is negatively impacted by disasters or emergencies. The NDWGs were formerly known as National Emergency Grants (NEG) under the Workforce Investment Act. There are three types of NDWGs: Disaster Recovery, Employment Recovery, and Unique.

A Disaster Recovery NDWG emergency application may be submitted when public assistance eligibility for disaster recovery is declared from a federal agency, such as the Federal Emergency Management Agency (FEMA). Disaster Recovery NDWGs are used to fund temporary jobs to clean up and repair disaster damage in FEMA-designated counties. Disaster Recovery NDWG participants typically are workers dislocated by this or other disasters, long-term unemployed individuals, or small business owners whose operations were significantly disrupted by the disaster. These temporary jobs pay for labor to clean up and repair disaster damage, helping to put the economic potential back to its pre-disaster condition, and provides immediate income for affected workers, reducing the burden on public assistance funds and preserving participants' sense of pride and dignity.

Employment Recovery NDWGs provide resources to states and other eligible applicants to respond to major economic dislocations, such as large, unexpected layoff events that cause significant job losses. The three types of qualifying events include (1) Mass Layoff or Plant Closure, (2) Industry-Wide Layoffs, and (3) Community Impact (Multiple small dislocations occurring over a period of up to 12 months that have significantly increased the number of unemployed individuals in a regional or local workforce area). Employment Recovery NDWGs provide employment and training assistance to dislocated workers and other eligible participants.

Unique NDWGs are special grants periodically offered by the Department of Labor (DOL) to test new concepts for workforce services delivery or to meet widespread extraordinary needs in particular sectors. Many Rapid Response orientation attendees are provided information and referrals to these NDWGs for training and career services to enhance the dislocated worker's employability for increased wages. All unique NDWG participants are dislocated workers and usually are co-enrolled in adult, dislocated worker, or youth formula funds as appropriate to maximize benefits to the participants.

Sector Strategies and Career Pathways

Workforce Accelerator Fund 8.0

The Workforce Accelerator 8.0 Grant Program is funding projects that test innovative solutions to specific challenges that inhibit career opportunity and employment success for the homeless or precariously housed population of California and improve access to the workforce development pipeline – education, training, support services, placement, retention, etc. These efforts do not create or reinforce service delivery or funding silos, but rather aim to result in strategies that take a new or unique approach to addressing the housing crisis alongside workforce pipeline gaps specific to these populations, which can be applied, replicated or scaled to create broader impact and system improvement.

Funding Allocation: \$3,052,193

Applications Received: 78

Total Ask: \$10,709,681.97

Total Leverage on Ask: \$14,651,949.44

Awards: 18 Projects and one TA TOTAL: \$2,981,820.18 [Award Announcement](#)

Grant Period: April 1, 2020 – September 30, 2021*

*Due to COVID 19, most projects have received a time-only extension to March 30, 2022

For more information, visit the [Workforce Accelerator Fund](#) initiative page.

Regional Plan Implementation

In 2014, the California Workforce Development Board (CWDB) embarked upon the SlingShot Challenge, an effort to accelerate income mobility through regional collaboration. Local Workforce Boards developed SlingShot regions to work with industry, education, labor, workforce and economic development leaders to identify and solve regional employment challenges. The federal Workforce Innovation and Opportunity Act (WIOA) gave statutory relevance to the SlingShot initiative requiring States to designate Regional Planning Units (RPUs) aligned with regional labor markets and requiring regional workforce plans to facilitate the implementation of sector strategies, the coordination and alignment of service delivery systems, the pooling of administrative costs, and the collective development of shared strategies among regionally organized Local Boards.

To support the implementation of the regional plans, the CWDB previously funded Regional Organizers, Regional Training Coordinators, Training Funds and Regional Plan Implementation Grants separately. In order to support administrative efficiencies, the Regional Plan Implementation/Slingshot 3.0 is one fund and the Regional Planning Units are able to structure and prioritize how to best utilize the funds to support the implementation of their regional plans.

19/20 Funding Allocation: The \$5,350,000 Regional Plan Implementation/Slingshot 3.0 funds were distributed to the 14 RPUs. Of this amount, \$310,000 was allocated to outside agencies for Technical Assistance and Evaluation. [Award Announcement](#)
Grant Period: April 1, 2020-September 30, 2021*

*Due to COVID 19, most projects have received a time-only extension to March 30, 2022

For more information, visit the [Regional Plan](#) initiative page.

High Road Construction Careers (HRCC): Senate Bill 1 (SB1)

The Road Repair and Accountability Act (RMRA) of 2017 ([Senate Bill 1, Chapter 5, Statutes of 2017, Senator Beall](#)) invests billions of dollars annually to fix and maintain California's transportation infrastructure. The California Workforce Development Board (CWDB) received \$25 million (\$5 million annually for five years) to establish a pre-apprenticeship training program, beginning in 2019.

The purpose of the HRCC: SB1 Program is to develop and support a system of regionally based pre-apprenticeship training partnerships to connect disadvantaged workers to long-term middle-class careers through state-approved apprenticeships. Dedicated funding for regional HRCC pre-apprenticeship partnerships serves many purposes that benefit California's transportation systems and other infrastructure investments:

- Develops a skilled construction workforce that ensures delivery of high-quality infrastructure projects, maximizing the economic benefits of those projects;

- Increases access to state-approved apprenticeship in the building and construction trades—the best-in-class form of skills training for industry and workers;
- Emphasizes serving underrepresented and disadvantaged workers thereby diversifying the trades and supporting future recruitment and retention;
- Establishes models of worker, management, government collaboration that jointly anticipates, plans for, and addresses the future of work.

In the first two years, the CWDB was charged to engage with stakeholders, develop and publish [SB1 Guidelines](#).

Funding Allocation: Up to \$14 million

The state was divided into twelve regions (based on Building and Construction Trade Council jurisdictions) and one application per region was accepted. Eleven (11) regions applied (regions 9 & 11 submitted a joint-application) covering the entire state of California.

Total Funding Request: \$13,508,490.84

Total Leverage: \$16,397,914.37

Grant Period: September 1, 2020 – August 31, 2022

[Award Announcement](#)

The State Building Trades Council was awarded to provide Technical Assistance.

For more information, visit the [High Road Construction Careers](#) initiative page.

High Road Initiatives

High Road Training Partnerships (H RTP)

To-date, the California Workforce Development Board (CWDB) has invested over \$8.8 million of WIOA discretionary funds to design, develop, implement and/or advance model high-road training partnerships. The High Road Training Partnership Initiative (H RTP) supports eight demonstration projects — ranging from transportation to healthcare to hospitality — that model a sector approach that addresses critical issues of equity, job quality, and environmental sustainability

The current round of H RTP projects are focused on expanding, enhancing, and/or building upon accomplishments and momentum through industry-specific innovation leading to improvements in equity, job quality, and environmental sustainability. Proposed project outcomes should lead to the following long-term goals:

- Connect workers to high-quality jobs or entry-level work with clearly defined routes to advancement.
- Increase skills and opportunity for those at the lower end of the labor market while expanding pipelines within key industries for disadvantaged populations.

- Support both labor and management in order to increase productivity by increasing the health, safety, and professionalization of jobs in a particular sector.
- Address skill needs emerging as every industry intersects with challenges of climate change and environmental sustainability.

In Fiscal Year (FY) 2019-20, the Legislature appropriated \$30 million from the Greenhouse Gas Reduction Fund (GGRF) to the California Workforce Development Board (CWDB) for its two primary high road workforce development programs: \$10 million for High Road Construction Careers (HRCC) and \$20 million for High Road Training Partnerships (HRTTP). While the CWDB was approved for continuous program funding from the GGRF at the same level through FY 2023-24 – totaling \$165 million, including \$150 million for HRCC and HRTTP and \$15 million for state operations – it is subject to the Legislature’s annual appropriations process and to availability of revenue in the GGRF.

An invitation-only solicitation went out to current HRTTPs and other partnerships that were deemed ready to take on a High Road Training Partnership with additional climate goals required by the funding source. The CWDB anticipates awarding approximately \$10.4 million to projects by November 2020. An open competitive solicitation is scheduled to be released in October 2020 with approximately \$8.5 million in GGRF dollars available for new High Road Training Partnerships, including a regional project targeting Kern County.

UC Berkeley Labor Center and the UCLA Labor Centers are engaged to provide additional technical assistance and evaluation.

For more information, visit the [High Road Training Partnership](#) initiative page.

High Road Construction Careers (HRCC)

The California Workforce Development Board (CWDB) oversees a suite of investments and policy initiatives to advance construction careers as a reliable pathway to the middle class for disadvantaged Californians. The High Road Construction Careers (HRCC) program prioritizes partnerships that link local building and construction trades councils to workforce boards, community colleges, and community-based organizations, creating structured pathways — with a standard core curriculum and critical supportive services — to state-certified apprenticeships in a variety of crafts. These efforts build systems and policies that directly advance the State Plan goals of equity (access to skills and economic opportunity) and job quality (connections to careers with decent wages and benefits).

In addition to the SB1 funding discussed above, HRCC is also funded \$10 million annually by the Greenhouse Gas Reduction Fund (GGRF) - subject to the Legislature’s annual appropriations process and to availability of revenue in the GGRF. A solicitation for \$5.6 million will be released in the winter of 2020.

For more information, visit the [High Road Construction Careers](#) initiative page.

Effectiveness in Serving Employers

California selected to report on the Department of Labor and Department of Education's proposed measures: Repeat Business Customers, and Retention with the Same Employer. California did not have a state-established measure in PY 2019-20.

- Repeat business customers rate is 30.2% (37,266 establishments).
- Retention with the same employer is 61.4% (103,787 participants).

Evaluation Narrative from State Plan

Waiver on Eligible Training Providers Plan

The State of California requested to waive the obligation of eligible training providers (ETP) to collect and report on the performance data on all students in a training program at WIOA Sections 116(d)(4)(A) and (B) and 122(d)(2)(A) and 20 CFR 677.230(a)(4) and (5) and 20 CFR 680.430(b)(5). This waiver was approved by the Department of Labor (DOL) Employment and Training Agency (ETA) through June 30, 2020.

In the interim, the State has continued to collect performance data for all Workforce Innovation and Opportunity Act (WIOA) students and report that information in the ETP Annual Report. In addition, when conducting subsequent eligibility in Program Year 2019, the State utilized the California Bureau of Private Postsecondary Education's (BPPE) Annual Report that provides performance outcomes on all students. This process enabled the State to reduce the burden on training providers, while still utilizing performance on all students as a factor when analyzing the program's subsequent eligibility to be on the ETPL.

Current/Planned Evaluation and Research Projects

The following is a list of ongoing program evaluation and assessment activities initiated, developed, or partially completed between July 1, 2019 and June 30, 2020:

- Evaluation of High Road Training Partnerships. The evaluation is qualitative in nature and primarily utilizes interviews and stakeholder engagement to develop rich contextual case study descriptions. To date, the evaluator has drafted eight case studies covering workforce partnership activities in the following industry sectors: Logistics, Healthcare, Hospitality, Janitorial, Ports, Transit, Public Service, and Water Utilities.
- Evaluations of Regional Plan Implementation Grants 2.0 and 3.0. Qualitative research methods being used include the following: interviews and focus groups with local workforce board directors, regional leadership, regional organizers (ROs) and training coordinators (RTCs), technical assistance providers and relevant project stakeholders and staff; site visits to leverage engagement with regional partnership stakeholders; a synthesis and analysis of the qualitative data surfaced to develop recommendations on how to support regions and ensure connection between regional strategic thinking and local service delivery.
- Evaluation of AB 1111 State Funded Grant Programs. Quantitative and qualitative research methods employed for this analysis include background analysis of grant

application documents, quarterly grantee narrative reports, review of related local and regional workforce plans, and interviews and surveys of Local Workforce Development Board staff and CBO staff, as well as quantitative analysis of related administrative data.

- Evaluation of America's Job Centers of California. This evaluation is designed to utilize surveys, site visits, interviews, focus groups, and a quantitative analysis of services delivered during the period July 2015 to December 2018.
- Development of the CAAL-Skills Data Repository. This initiative is designed to facilitate the display and quantitative analysis of workforce program data.
- Development of the CAAL-Skills Workforce Metrics Dashboard 2020 Report (Initiated in Spring 2017, Anticipated Completion Summer 2021). This initiative is designed to facilitate the display and quantitative analysis of workforce program data.
- Development of the CAAL-Skills Workforce Metrics Dashboard 2022 Report (Initiated Summer 2019, Anticipated Completion Fall 2022). This initiative is designed to facilitate the display and quantitative analysis of workforce program data.
- California Policy Lab (UC Regents) analysis of CAAL-Skills workforce program data (Initiated Summer 2018, Anticipated Completion August 2021). This initiative is designed to facilitate statistically rigorous quantitative analysis of workforce program data, including all WIOA core programs.

Efforts to coordinate with core programs, state agencies, and local boards

The CWDB and its 3rd party program evaluators work with the California Workforce Association and the 45 Local Workforce Development Boards on the aforementioned evaluations pertaining to AJCCs, regional planning, and the AB 1111 Grant Program. Additionally, multiple state agencies are involved in the CAAL-Skills data-sharing initiative including the agencies, departments, and Local Boards that play a role in the following programs: WIOA Title I Adult; WIOA Title I Dislocated Worker; WIOA Title I Youth; WIOA Title II; WIOA Title III Wagner-Peyser; WIOA Title IV; CalWORKS (California's TANF program); CalFresh (California's SNAP E&T program); Trade Adjustment Assistance; Incumbent Worker Training accessed through the California's Employment Training Panel program; State Certified Apprenticeship; Career Technical Education programs at the California Community Colleges; -rehabilitative programs at the California Department of Corrections and Rehabilitation and the Prison Industry Authority.

A list of completed evaluation and related reports and where they were made accessible

Between July 1, 2019 and June 30, 2020 no evaluations were completed and as such, no reports were made available. Evaluation efforts are ongoing.

State efforts to provide data, survey responses, and timely site visits and Federal evaluations

On an ongoing basis, the EDD and the CWDB collaborated with the DOL staff on a variety of programmatic and technical discussions. In addition, California helped coordinate two Strategies, Monitoring, Accountability, Risk Management, Transparency (SMART) 3.0 training sessions with DOL regional and national office staff. The training sessions were held in the La Puente America's Job Center of California (AJCC), which saw 106 attendees, and in the EDD Auditorium in Sacramento, which saw 182 attendees. Both sessions focused on federal

regulations and best practices for managing DOL grants. Each of the successions had over 100 participants in attendance and were very successful. The EDD gathered customer satisfaction surveys from participants and provided the participant feedback to DOL Region 6 staff. The training was a great opportunity for DOL Region 6 and State of California EDD staff to connect with sub-grantees statewide.

Additionally, the state is currently reviewing the updated regulations for the Trade Adjustment Act (TAA) and will be working to implement any changes. The state continues to look for ways to improve and increase the use of TAA training funding statewide. The state is interested in any best practices from other states who may be utilizing all of their TAA training funding allocated to them.

Any continuous improvement strategies utilizing results from studies and evidence-based practices

Based on preliminary unpublished findings from the aforementioned assessments, California will do the following:

- Emphasize partnerships and alignment across programs and funding streams, including partnerships between CBOs and programs operating through the AJCCs
- Emphasize industry engagement in the development of HRTPs, OJT programming, apprenticeship, and WIOA Regional Plans
- Develop and fund intermediary activities to bring local and regional partnerships together, giving special emphasis to activities that link local service delivery structures with regional skills infrastructures designed to meet regional workforce needs
- Continue partnership activities between State departments who are part of the workforce system to ensure collective responsibility for participant outcomes
- Invest in regional planning, regional partnership, regional organizing activities and TA support to the regions by state merit staff and other subject matter experts
- Utilize performance metrics to track participant outcomes for grants that fund direct services and subject grant programs to rigorous assessment and evaluation activities
- Develop metrics that track skills building investments and job placements in strategic industries and occupations at the regional level by setting goals and collecting data through the regional planning process and by developing new data reporting requirements for regional planning units
- Evaluate programs and program outcomes over longer time horizons as well as increasing grant periods for services, to encourage more attention to the medium- and longer-term upward mobility of program participants post-exit

In sum, the evaluation and assessment activity summarized above validates the policy objectives and strategies outlined in California's State Plan. As such, California will continue to emphasize the use of demand-driven skills attainment as a means to facilitate upward mobility for populations with barriers to employment. To build the regional skills infrastructure connecting program participants to good jobs in growth sectors requires partnerships that align programs and coordinate services, including supportive services, across programs and funding

streams. CWDB will continue to prioritize activities designed to help achieve the State Plan's three primary policy objectives: demand-driven skills attainment; upward mobility for populations with barriers to employment; and program alignment.

Performance Accountability System

EDD PRAU

The state exceeded all of the negotiated goals for the Title I Adult, Dislocated Worker, and Youth programs, and the Title III Wagner-Peyser program.

The Eligible Training Provider (ETP) Report summary provided by the Workforce Integrated Performance System indicates 188 individuals received a credential. Based on participant data in our case management system, we believe this number is too low. We are working with our system vendor to investigate the issue. If a discrepancy is found, we will work with the vendor to make necessary changes to ensure future reporting is accurate.

Common Exit Policy

The state currently has a common exit policy that includes the following DOL ETA funded programs: Title I Adult, Title I Dislocated Worker, Title I Youth, Title III Wagner-Peyser, National Dislocated Worker Grants, Trade Adjustment Assistance, and two National Farmworker Jobs Programs grantees—California Human Development and Employers Training Resource. The state's case management system, CalJOBS, considers all of these programs and applies a common program exit when the participant has not received a service for 90 calendar days and there are no future services planned. CalJOBS does not include self-service, information-only activities, or follow-up services when determining the common exit date.

Negotiated Performance Levels

In September 2020, the Local Areas negotiated, and reached agreement with, the Governor on local performance levels for Program Years 2020-21 and 2021-22. The objective of the negotiations process is to define local performance targets that are aligned with current economic indicators, reflect local service strategies and achievements. At the same time, the process must build on the overall system goal of continuous improvement for clients and customers, providing the greatest return on workforce investments, and enabling the regional planning implementation of WIOA by providing industry-relevant skills attainment framework for individuals with barriers to employment.

As the primary contact for performance negotiations, the EDD negotiated performance goals for all 45 Local Areas through their designated Regional Planning Units (RPU). They used the state level goals as a baseline for negotiations, as well as other analytical tools and resources that helped establish representative performance levels, such as the statistical adjustment model (SAM) provided by DOL ETA with Local Area data input into the model. Local Areas came to agreement within their RPUs on a method for negotiating collectively. If an RPU is a single

Local Area, then that Local Area is solely responsible for regional negotiations. Local Areas within an RPU may develop their own collective method and provide proposed adjusted levels of performance. The Local Area negotiated goals can be found in Workforce Services Information Notice [20-15](#).

Data Validation

The state is developing a statewide data validation policy that aligns with [Training and Employment Guidance Letter No. 23-19](#) issued on June 18, 2020. In the interim, the state does the following on a quarterly basis to promote data quality:

- Review of participant data for errors, missing data, out-of-range variances, and other data anomalies, such as large number of exiters at the end of the quarter, and participants in the program in excess of eight quarters. The state utilizes the DOL provided Quarterly Report Analysis to assist within this function.
- Workforce Services Directive [18-02](#) provides guidance on correcting data in the case management system, including a formal request form that is maintained by the state.
- The state's case management system, CalJOBS, includes various checks and balances, as well as logs that assist the state with data integrity. Any data changed by staff is documented, and the history of changes can be reviewed by state's data team.
- Monthly webinars held by the state to provide technical assistance on data and CalJOBS related items to Local Areas.

Activities

Disability Employment Accelerator Program

The EDD in conjunction with the CWDB and the LWDA, has made available up to \$2.5 million of WIOA Title I Governor's Discretionary funds to serve People with Disabilities (PWD). This funding focuses on creating linkages and engaging businesses in high-growth industries to develop work-based learning programs that ensure PWDs obtain and retain competitive, integrated employment. In order to continue to close the employment rate gap between college graduates with disabilities and those without disabilities, this year's Solicitation for Proposal (SFP) target PWD who are working toward or have obtained a recognized postsecondary credential during the term of the grant. In addition, the 2019-20 Disability Employment Accelerator (DEA) focuses on completion of work-based learning programs which supplements formal education so that the disabled workers can be placed in unsubsidized employment on a career path.

Workforce Navigator Pilot Program

The EDD, in conjunction with the CWDB and the LWDA, has made available up to \$1.4 million of WIOA Title I Governor's Discretionary funds to develop and implement a Workforce Navigator Pilot Program targeting English Language Learners (ELLs) and Immigrant workers. The goal of this initiative is to increase access for target populations, align WIOA programs, incorporate co-

enrollment strategies that build towards career pathways, leverage other program funding, and provide supportive services within the workforce system for California's English Language Learner Population. Entities selected are expected to work in collaboration with CBOs and other workforce partners, including adult education entities. Specific goals of the pilots include: implementing a workforce navigator model; enhance/establish collaboration with CBOs and other partners to provide supportive wraparound services; support dual enrollment in WIOA Title I and Title II programs; and create "no wrong door" access to services.

Veterans' Employment-Related Assistance Program

The EDD, in coordination with the California Workforce Development Board and the California Labor and Workforce Development Agency, has made available of up to \$5 million of Workforce Innovation and Opportunity Act (WIOA) funds to serve veterans and military spouses. The goal of this initiative is to promote the use of regional industry-sector strategies as the framework to help unemployed and underemployed veterans with significant barriers and military spouses to employment transition from military careers to rewarding civilian employment. The grant funds are to be utilized to provide services that align and leverage resources, identify sector related training, and provide supportive services that promote career pathways and skill attainment for veterans. The intention of this SFP is to fund solutions that eliminate barriers to employment that veterans face in the current labor market.

Evaluation of High Road Training Partnerships (Initiated January 2017, Anticipated Completion Spring 2021)

The evaluation is qualitative in nature and primarily utilizes interviews and stakeholder engagement to develop rich contextual case study descriptions. To date, the evaluator has drafted eight case studies covering workforce partnership activities in the following industry sectors: Logistics, Healthcare, Hospitality, Janitorial, Ports, Transit, Public Service, and Water Utilities.

Evaluations of Regional Plan Implementation Grants 2.0 and 3.0 (Initiated February 2019, Anticipated Completion December 2021)

Qualitative research methods being used include the following: interviews and focus groups with local workforce board directors, regional leadership, regional organizers (ROs), and training coordinators (RTCs), technical assistance providers and relevant project stakeholders and staff; site visits to leverage engagement with regional partnership stakeholders; a synthesis and analysis of the qualitative data surfaced to develop recommendations on how to support regions and ensure connection between regional strategic and local service delivery.

Evaluation of America's Job Centers of California (Initiated Summer 2019, Anticipated Completion December 2021)

This evaluation is designed to utilize surveys, site visits, interviews, focus groups, and a quantitative analysis of services delivered during the period July 2015 to December 2018.

CAAL-Skills

- Development of the CAAL-Skills Data Repository (initiated August 2016, continual ongoing development through the present). This initiative is designed to facilitate the display and quantitative analysis of workforce program data.
- Development of the CAAL-Skills Workforce Metrics Dashboard 2020 Report (Initiated in Spring 2017, Anticipated Completion Summer 2021). This initiative is designed to facilitate the display and quantitative analysis of workforce program data.
- Development of the CAAL-Skills Workforce Metrics Dashboard 2022 Report (Initiated Summer 2019, Anticipated Completion Fall 2022). This initiative is designed to facilitate the display and quantitative analysis of workforce program data.
- California Policy Lab (UC Regents) analysis of CAAL-Skills workforce program data (Initiated Summer 2018, Anticipated Completion August 2021). This initiative is designed to facilitate statistically rigorous quantitative analysis of workforce program data, including all WIOA core programs.

Rapid Response and Layoff Aversion Activities

California uses a number of strategies to link Rapid Response with AJCCs, Trade Adjustment Assistance (TAA), and dislocated workers at the local, regional, and state level. California maintains an effective statewide Rapid Response system to ensure the regular exchange of information related to the federal *Worker Adjustment and Retraining Notification (WARN)* Act with the Local Boards, CWDB, contractors, and other government entities. During Program Year 2019-20, there was a total of 4,596 WARN notices filed and 509,414 employees affected by layoffs.

Each Local Board has a Rapid Response team which coordinates with the EDD on activities. For trade-impacted layoffs, the Local Board consults with EDD on the Trade Adjustment Assistance (TAA) program on tasks such as the filing of petitions, Rapid Response activities, required co-enrollment of affected workers, and the provision of career and training services.

California contracts with Dun and Bradstreet to provide EconoVue and Market Insight to Local Boards, which are business engagement tools that provide labor market information and business risk assessments, to increase interventions in layoff aversion with businesses that have already filed a WARN notice or may soon be at risk of laying off employees.

In partnership, the state Rapid Response Coordinator and the local Rapid Response teams engage in an ongoing information gathering process and establish contacts that can provide information to dislocated workers. Unique to California are the five Regional Rapid Response Roundtables, which allow the local Rapid Response teams to communicate and develop regional business engagement strategies through area-to-area sharing of experiences and successful practices, relevant staff training, and coordination of career pathway efforts.

Local Rapid Response teams provide a variety of Rapid Response services, including, but not limited to, layoff aversion strategy meetings, employer planning meetings, orientations, job fairs, and job search and résumé writing workshops.

Customer Satisfaction

State's Approach to Customer Satisfaction through AJCC Certification

In 2017, the California Workforce Development Board (State Board), in consultation with an AJCC Certification Workgroup comprised of state-level partners and Local Board representatives, developed objective criteria and procedures for Local Boards to use when certifying the AJCCs within their Local Workforce Development Areas. California's certification process is centered on the three key requirements for AJCC certification included in the WIOA Joint Final Rule: effectiveness of the AJCC, physical and programmatic accessibility, and continuous improvement. Continuous Improvement and customer satisfaction is assessed using AJCC Certification Hallmark of Excellence #8: The AJCC achieves business results through data-driven continuous improvement. The Quality Indicators that Boards must assess, evaluate, and develop a continuous improvement strategy for include:

- The AJCC contributes to the achievement of WIOA performance indicators for all core program partners.
- The AJCC reports to the Local Board on an ongoing basis the number of customers served, the types of services provided, and the outcomes of those services.
- The AJCC operates in a cost-efficient manner and the resources invested are justified by the results.
- The AJCC has a system in place to collect satisfaction data from individuals and employers using the AJCC's services.
- The AJCC has a system in place to capture and respond to specific customer feedback, complaints, and compliments.
- The AJCC regularly reviews and analyzes performance, customer satisfaction, and service data and develops specific plans for AJCC service improvements.
- The AJCC regularly identifies areas of needed technical assistance to improve business results and taps available resources to obtain needed assistance.

Local Boards were required to submit the Hallmarks of Excellence Criteria Matrix and continuous improvement strategies for each comprehensive AJCC by June 30, 2018 and each AJCC Affiliate and/or Specialized Center by June 30, 2019.

Improvement Processes

Governors 15% Discretionary funds have been allocated to the fourteen (14) Regional Planning Units to implement the demand-drive skill attainment objectives of the regional plans. Regions are tasked with achieving system change through partnership building, regional coordination,

professional development, and promotion of initiatives that focus on industry engagement, income mobility, system alignment, and regional leadership. Achievements in sector strategies and career pathways objectives:

- Sector Strategies and Career Pathways: Regional Planning Units supported 45 industry sector/employer engagement initiatives and 23 apprenticeship partnerships involving over 300 employers statewide. These initiatives include:
 - Industry-led sector councils identifying the skills gaps in the 14 RPUs
 - Career pathway programs developed in collaboration with education, including K-12, Adult Education and Strong Workforce, and
 - Development of registered Apprenticeship Programs in healthcare, manufacturing, and aerospace industries. In addition, several regions are working on youth apprenticeship, including work-based learning models
- The priority sectors include: Healthcare (14 RPUs); Advanced Manufacturing (10 RPUs); Information Technology/Communication (7 RPUs); Construction (6 RPUs); Transportation/Logistics (4 RPUs); Biomedical/Business Services, Clean Energy, Public Service, and Education (1 RPU for each).
- Regional Planning Units are also working to implement regional business engagement. Examples include developing coordinated business engagement campaigns with multiple partners, developing regional business services websites and regional menu of services, developing joint measures to gauge employer engagement effectiveness, working with regional partners on a coordinated layoff aversion program, regional coordination of rapid response efforts, updating supply-chain directories, and funding industry innovation grants.

Initiatives from Previous Funding Years

AB 1111: Breaking Barriers to Employment Initiative

In October 2017, the California Legislature approved Assembly Bill (AB) 1111, Removing Barriers to Employment Act (Chapter 824, Statutes 2017), which established the Breaking Barriers to Employment Initiative. The purpose of the initiative is to create a grant program that provides individuals with barriers to employment the services they need to enter, participate in, and complete boarder workforce preparation, training, and education programs aligned with regional labor market need.

- 130 applications were received with \$51 million dollar ask and \$54 million proposed leverage.
- 26 projects, technical assistance and evaluation were awarded totaling \$10,945,000.
- Grant Period: April 1, 2020 – September 30, 2021*

*Due to COVID 19, most projects have received a time-only extension to March 30, 2022.

For more information, visit the [AB 1111](#) initiative page.

Prison to Employment/ Corrections Workforce Partnership

The Corrections Workforce Partnership Agreement is intended to strengthen linkages between the state workforce and corrections systems to improve the process by which the formerly incarcerated and justice-involved* individuals reenter society and the labor force. The Prison to Employment Initiative was a grant program that was included in the Governor's 2018 Budget proposal and includes \$37 million over three budget years to operationalize integration of workforce and reentry services in the state's 14 labor regions. The goal is to improve labor market outcomes by creating a systemic and ongoing partnership between rehabilitative programs within California Department of Corrections and Rehabilitation (CDCR) and the state workforce system by bringing CDCR under the policy umbrella of the State Workforce Plan.

All Prison to Employment funds are distributed to the 14 RPUs in California. The \$1,662,500 Planning funds were distributed using a methodology that established tiered award amounts based on the highest needs. The \$32,457,500 Implementation funds for Direct and Supportive Services were awarded in 2019. A solicitation for evaluation will be released fall of 2020.

Program Grant Term: September 1, 2019-March 31, 2022

For more information, visit the [Corrections Workforce Partnership](#) initiative page.

Activities under Wagner-Peyser Act Employment Service section 7(b)

California Farm Workers Outreach

Contracts are awarded competitively each year to implement a California statewide outreach program for Migrant and Seasonal Farm Workers (MSFW), including the H-2A Agricultural workers. The initiatives goals include providing measurable outreach projects designed to deliver MSFWs and their families with relevant, timely, and accurate information about the various programs and services offered through the workforce system. Goals also include creating partnerships with organizations currently serving the MSFW community in order to reduce barriers, and expand access points to the Employment Service Complaint System.

2017 California Wildfires Disaster National Dislocated Worker Grant

In October 2017, numerous wildfires erupted that resulted in hundreds of thousands of burned acres, fatalities, the displacement of thousands of residents, the destruction of structures, businesses, homes, and communities. As a result, the DOL awarded the EDD approximately \$28 million to help the communities recover from the vast devastation. Seven project operators were allocated funds to provide temporary jobs to help clean-up the disaster areas. The period of performance was from October 18, 2017 to June 30, 2020. Through June 30, 2020, 821 participants were served.

2018 Carr Fire Disaster National Dislocated Worker Grant

In June through August 2018, a series of fires raged across northern California. These fires included the Carr, Delta, Hat, and Hirz Fires burning throughout Shasta County and causing minor damage in Siskiyou and Trinity Counties; the Carr Fire was notable because of its near-total destruction of the Whiskeytown Lake National Recreation Area and more than 1,000 homes in Redding and the surrounding communities. The DOL awarded \$6 million to the EDD to help clean up and repair Shasta County. The period of performance is from August 20, 2018 through June 30, 2021. Through June 30, 2020, 102 participants were served.

2018 Trade and Economic Transition National Dislocated Worker Grant

In August 2018, the DOL announced a grant to help workers impacted by the ongoing trade war with China transition into new in-demand fields. The EDD applied for and received nearly \$8 million to assist workers. This is the only unique NDWG the EDD is administering at this time. The period of performance for this grant is October 1, 2018, through September 30, 2021. Through June 30, 2020, 1,213 participants were served.

2018 National Health Emergency Related to the Opioid Crisis Disaster National Dislocated Worker Grant (“2018 Opioid NDWG”)

In September 2018, the US Department of Health and Human Services issued a declaration for every county in the United States for the damage caused by the ongoing opioid epidemic. The EDD applied for and received nearly \$4 million in funding to help remediate the damage caused by the crisis through a combination of temporary jobs and workforce development funds. The temporary jobs are to alleviate suffering related to the crisis. The workforce development is to either assist people directly impacted by opioid abuse to retrain into new skills, or to develop workers with skills to help alleviate the crisis. The period of performance for this grant is October 1, 2018 through March 31, 2022 (pending an approval of an extension request from DOL). As of June 30, 2020, 224 participants were served.

2018 Megafires Disaster National Dislocated Worker Grant

On November 8, 2018, three fires erupted in Northern and Southern California. In Butte County, the Camp Fire destroyed the town of Paradise and communities of Centerville, Concow, and Pulga, and damaged the communities of Helltown and Magalia; more than 14,000 homes and 10,000 other structures were destroyed and more than 27,000 residents displaced. In Ventura and Los Angeles Counties, the Hill and Woolsey Fires started as well; the Hill Fire destroyed four homes, and the Woolsey Fire destroyed more than 1,500 homes and other structures. As a result of these fires, the DOL awarded the EDD \$44 million to provide temporary jobs and workforce development to impacted residents. The period of performance for this grant is December 6, 2018 through December 31, 2022 (pending an approval of an extension request from DOL). As of June 30, 2020, 1,680 participants were served.

2019 Severe Winter Storms Disaster National Dislocated Worker Grant

Throughout February 2019, a series of severe storms and two atmospheric rivers struck California, causing widespread flooding, mudslides, and other destruction to the land and

infrastructure. As a result, the DOL awarded the EDD \$8.8 million for temporary jobs to provide clean-up and repair storm damage. The period of performance is from May 1, 2019 through June 30, 2021. As of June 30, 2020, 110 participants were served.

2020 COVID-19 Disaster Recovery National Dislocated Worker Grant

On January 31, 2020, the Secretary of Health and Human Services (HHS) declared a public health emergency as a result of the global spread of COVID-19. FEMA followed with a major disaster declaration on March 22, 2020. Due to the risk of the disease spreading, many public facilities temporarily closed in order to slow the spread and await safety guidelines from the Center of Disease Control (CDC). In order for public facilities to re-open, departments will need to implement heightened safety measures including enhanced cleaning and sanitization of all public and employee accessed spaces and implementing social distancing. As a result, the DOL awarded the EDD \$12 million for temporary jobs to provide clean up and sanitization of public spaces, to conduct contact tracing, and provide humanitarian aid; and for provision of re-employment services. The period of performance is from April 10, 2020 to March 31, 2022. As of June 30, 2020, 18 participants were served.

2020 COVID-19 Employment Recovery National Dislocated Worker Grant

As a result of COVID-19, the resulting stay at home orders, and social distancing guidelines, businesses across industries throughout California have faced unprecedented layoffs. Some of the first and hardest hit businesses were in the leisure and hospitality sectors with hotels, restaurants, tourist attractions, and entertainment venues facing layoffs and closures. Personal care businesses including salons and spas, retail shops, and other public facing businesses were also hit especially hard, affecting self-employed individuals and business owners across the state. As a result, the DOL awarded the EDD \$11.6 million to assist impacted workers. The period of performance is from April 10, 2020 to March 31, 2022. As of June 30, 2020, no participants were served, because the grant had only just recently launched and project operators were still adjusting to virtual and other remote service delivery models. Participants began enrolling in the 2020-21 program year.

Wagner-Peyser 10 Percent Funds Allocated in Program Year 2018-19

Under the Wagner-Peyser Act, 10 percent of the funds are reserved for activities other than labor exchange services. Allowable uses include providing services for groups with special needs and hard-to-serve populations such as at-risk youth, veterans, parolees, migrant and seasonal farmworkers, and people with disabilities.

The Youth Employment Opportunity Program (YEOP) provides special services to at-risk youth and youth with disabilities between the ages of 15 and 25 to assist them in achieving their educational and vocational goals. Youth aides and student assistants are hired as specialists who can relate with the at-risk barriers and common goals of the youth clients they serve. The YEOP specialists are trained to provide in-depth assessment, peer advising, workshops, job development, selection and referral to education and suitable jobs for youth. YEOP mentors are

EDD staff, who are advisors and provide counsel to YEOP specialists in areas of intensive on-the-job training in the basic functions of Workforce Services.

The Deaf and Hard of Hearing Services contracts are awarded competitively each program year. The program is designed to assist job-ready deaf and hard of hearing persons in searching for, obtaining, and retaining unsubsidized employment and career advancement opportunities.

The Campesino de California Outreach contract is also awarded competitively each year to secure a California statewide outreach program for Migrant and Seasonal Farm Workers (MSFW), including the H-2A Agricultural workers. The goal of this initiative is to create measurable outreach projects which deliver relevant, timely, and accurate information about various workforce system programs and services to MSFWs and their families.

Funding for Veterans Employment Services and EDD Parolee Services supports EDD staff who serve these populations in AJCC locations throughout the state.

There are two external contracts with state agencies that provide services to hard-to-serve populations with barriers to employment. The CalWORKS contract with the Department of Social Services and the contract with the DOR that supports the California Committee on Employment of People with Disabilities.

Program administration funds support staff that manage the programs and contracts funded with the Wagner-Peyser 10 Percent funds. See Appendix J for funding tables.

WAF/AB1111 – Communities of Practice

The California Workforce Development Board uses grant programs to solicit, fund, and learn from projects in the field in order to inform policy. Some programs emphasize demand-side innovations and solutions, such as the High Road Training Partnerships and High Road Construction Careers. Others focus on the supply-side, targeting California's most vulnerable and hardest to serve through partnerships providing supportive services and pathways to good jobs. The Workforce Accelerator Fund, a cornerstone initiative funded by WIOA Discretionary dollars, and our state general-funded AB1111- Breaking Barriers to Employment Initiative, both target populations which include: disconnected youth, women seeking training or education to move into nontraditional fields of employment, displaced workers and long-term unemployed, unskilled or under-skilled, low-wage workers, persons for whom English is not their primary language, economically disadvantaged persons, CalWORKs participants, justice-involved individuals, Armed Services Veterans, Native Americans, migrants or seasonal farmworkers, people experiencing homelessness or housing insecurity, persons with developmental or other disabilities, and any other population with barriers to employment identified in subdivision (j) of section 14005 of the Unemployment Insurance Code.

Unique to the CWDB programs, Communities of Practice were established as a way to bring peers together to share and learn with each other and with the CWDB staff. In addition to in person gatherings, Communities of Practice also offer topic-specific webinars and learning

circles, presentation webinars, lunch and learn calls, informal networking meet-ups, and 1:1 coaching and technical assistance. Through these Communities of Practice, quantitative data gathering and qualitative narrative, the CWDB analyzes and reviews best practices and lessons from the field. The first evaluation of the Workforce Accelerator Fund can be found on the [initiative webpage](#). CWDB research and evaluation staff continue to analyze and report on Accelerator. A third party evaluator has been contracted to assist with the AB1111 analysis. Final evaluation of the AB1111 initiative will occur when the grant term ends and all data is available (June 2022).

Challenges Workforce System Faces

Despite positive macroeconomic indicators such as record low unemployment and increasing economic growth as measured by Gross Domestic Product, key economic trends such as wage stagnation and growing income inequality indicate that not all Californians are benefiting from the state's bustling economy. For example, median hourly earnings for workers in California increased by merely one percent from 1979 to 2018 after adjusting for inflation, while low-wage workers in the 10th percentile of hourly earnings fared only slightly better, experiencing a four percent increase over the same period. As concerning as this trend is at the aggregate level, data further reveals unequal impacts among different populations in California, such as women and people of color.

In regards to income inequality, at the aggregate level, workers in California are realizing a smaller share of the economic gains in the state over the past two decades. The share of California's state GDP going to income for worker compensation declined from about 53% in 2001 to around 47% in 2017 while the opposite is true for income going to owners of capital which increased from 41% in 2001 to 46% in 2017.

These economic trends warrant attention and consideration on the part of the state's workforce development system given the significant consequences and repercussions throughout California's economy. Wage stagnation, for example, constrains households' ability to achieve or maintain a decent standard of living, which could push more and more Californians into poverty and deplete limited public assistance funds. Likewise, the negative effects of income inequality extend beyond a single household or population: research shows that regions that work to reduce inequality experience higher rates of economic growth for longer periods of time, suggesting that greater inequality jeopardizes growth.

With the right combination of thought, policy, and practice – based on principles of job quality, worker voice, equity and inclusion, and environmental sustainability – California's workforce system can ensure that its programs and resources measurably improve working conditions and economic health in California.

Pay-for-Performance Contracting

California had one local area interested in establishing a pay for performance contract with a local operator (San Diego Workforce Partnership). After numerous discussions with the local area to vet their proposed plan, the state reached out to DOL for further guidance on how to manage, track, and report pay for performance participants and funds since the performance payments were outside of the regular 3 year life of the WIOA funds allocated to the San Diego. The state had multiple calls with DOL regional and national office staff which yielded minimal guidance. During the last discussion, DOL national office staff stated they planned to put out guidance on pay for performance. Due to delays in guidance, the San Diego Workforce Partnership subsequently decided to utilize local funds to pay for the performance piece of their program. After a year, San Diego terminated the program due to issues encountered during the pilot phase.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Appendix B - WIOA Adult Performance Tables by Local Area

PROGRAM WIOA Adult	TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT			
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020	Title I Adult Title I Dislocated Worker Title I Youth	<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	Title II Adult Education Title IV Vocational Rehabilitation	<input type="checkbox"/> <input type="checkbox"/>
STATE: California				
MEASURABLE SKILL GAINS¹				
Skill Gain Type	Total Skill Gains			
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level	92			
Attainment of a secondary school diploma or its equivalent	5			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards	673			
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)	1,963			
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams	3,853			
TOTAL	6,586			
ADDITIONAL COMMENTS:				

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Adult		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input checked="" type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06160 – Fresno County Workforce Investment Board			
MEASURABLE SKILL GAINS¹			
Skill Gain Type	Total Skill Gains		
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level	6		
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards	21		
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)	7		
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams	397		
TOTAL	431		
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Adult		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Adult		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Adult		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Adult		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT		
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020	Title I Adult	<input checked="" type="checkbox"/>	Title II Adult Education	<input type="checkbox"/>
	Title I Dislocated Worker	<input type="checkbox"/>	Title IV Vocational Rehabilitation	<input type="checkbox"/>
STATE: California				
WIB Code: 06050 - San Francisco (SFO)				
MEASURABLE SKILL GAINS¹				
Skill Gain Type		Total Skill Gains		
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level				
Attainment of a secondary school diploma or its equivalent				
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards				
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		38		
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		45		
TOTAL		83		
ADDITIONAL COMMENTS:				

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Adult		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards	<4		
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)	7		
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams	19		
TOTAL	28		
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Adult		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input checked="" type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06210 - Yolo County Workforce Investment Board			
MEASURABLE SKILL GAINS¹			
Skill Gain Type	Total Skill Gains		
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards	<4		
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)	6		
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams	40		
TOTAL	49		
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Dislocated Worker		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Dislocated Worker		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input checked="" type="checkbox"/> Title I Youth <input type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06030 – Foothill Employment and Training Connection			
MEASURABLE SKILL GAINS¹			
Skill Gain Type	Total Skill Gains		
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards	<4		
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)			
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams	18		
TOTAL	19		
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Dislocated Worker		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input checked="" type="checkbox"/> Title I Youth <input type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06020 - Los Angeles City (LAI)			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level		<4	
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards			
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		38	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		103	
TOTAL		143	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

STATE: California WIB Code: 06095 - Monterey County Workforce Investment Board			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		<4	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		7	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		40	
TOTAL		50	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Dislocated Worker		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input checked="" type="checkbox"/> Title I Youth <input type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06295 - Northern Rural Training & Employment Consortium			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		60	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		35	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		8	
TOTAL		103	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		58	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge-based exams		46	
TOTAL		104	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Dislocated Worker		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input checked="" type="checkbox"/> Title I Youth <input type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06050 - San Francisco (SFO)			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards			
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		7	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		25	
TOTAL		32	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Dislocated Worker		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input checked="" type="checkbox"/> Title I Youth <input type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06290 - Silicon Valley Workforce Investment Network / Work 2 Future			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		14	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		<4	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		20	
TOTAL		37	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Dislocated Worker		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

STATE: California WIB Code: 06120 - Sonoma County Workforce Investment Board				
MEASURABLE SKILL GAINS¹				
Skill Gain Type		Total Skill Gains		
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level				
Attainment of a secondary school diploma or its equivalent				
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		17		
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		7		
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		7		
TOTAL		31		
ADDITIONAL COMMENTS:				

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Attainment of a secondary school diploma or its equivalent			
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards			
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		14	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		64	
TOTAL		78	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Appendix D - WIOA Youth Performance Tables by Local Area

PROGRAM WIOA Youth	TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT		
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020	Title I Adult Title I Dislocated Worker Title I Youth	<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	Title II Adult Education Title IV Vocational Rehabilitation
STATE: California			
MEASURABLE SKILL GAINS¹			
Skill Gain Type	Total Skill Gains		
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level	1,925		
Attainment of a secondary school diploma or its equivalent	964		
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards	1,703		
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)	451		
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams	1,956		
TOTAL	6,999		
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input checked="" type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06060 – County Humboldt Economic Development Division			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent		<4	
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		8	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		<4	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams			
TOTAL		11	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

STATE: California WIB Code: 06075 - Employers Training Resource			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level		9	
Attainment of a secondary school diploma or its equivalent		98	
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		116	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		6	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		51	
TOTAL		280	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

¹Applies to Title I only.

²This indicator also includes those who entered into a training or education program for the Youth program.

³Credential Rate and Measurable Skill Gains do not apply to the Wagner-Peyser program.

⁴Barriers to Employment are determined at the point of entry into the program.

Numbers entered into cells in this template are the same as the corresponding "report item number" on the report specification document. Clicking on each hyperlink will take the user to the plain text language

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input checked="" type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06310 - Workforce Alliance of North Bay			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level			
Attainment of a secondary school diploma or its equivalent		4	
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		8	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		<4	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		14	
TOTAL		27	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input checked="" type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06135 - San Diego Workforce Partnership, Inc.			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level		66	
Attainment of a secondary school diploma or its equivalent		84	
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		153	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		40	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		97	
TOTAL		440	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

¹Applies to Title I only.

²This indicator also includes those who entered into a training or education program for the Youth program.

³Credential Rate and Measurable Skill Gains do not apply to the Wagner-Peyser program.

⁴Barriers to Employment are determined at the point of entry into the program.

Numbers entered into cells in this template are the same as the corresponding "report item number" on the report specification document. Clicking on each hyperlink will take the user to the plain text language

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input checked="" type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06110 - Santa Cruz County Workforce Investment Board			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level		42	
Attainment of a secondary school diploma or its equivalent		8	
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		24	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)			
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		33	
TOTAL		107	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input checked="" type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06130 - Ventura County			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level		56	
Attainment of a secondary school diploma or its equivalent		14	
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		21	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)		15	
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		71	
TOTAL		177	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.

¹Applies to Title I only.

²This indicator also includes those who entered into a training or education program for the Youth program.

³Credential Rate and Measurable Skill Gains do not apply to the Wagner-Peyser program.

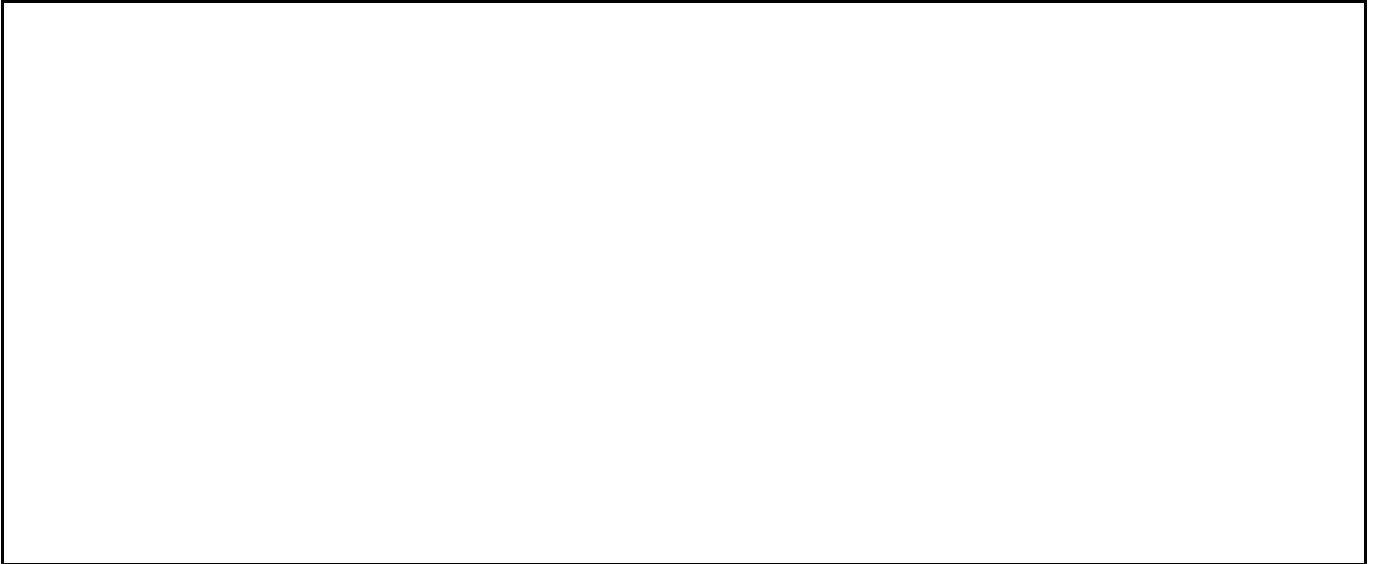

⁴Barriers to Employment are determined at the point of entry into the program.

Numbers entered into cells in this template are the same as the corresponding "report item number" on the report specification document. Clicking on each hyperlink will take the user to the plain text language

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

PROGRAM WIOA Youth		TITLE (select one): Certified in WIPS: 9/28/2020 7:14 PM EDT	
PERIOD COVERED From (mm/dd/yyyy) : 7/1/2019 To (mm/dd/yyyy) : 6/30/2020		Title I Adult <input type="checkbox"/> Title I Dislocated Worker <input type="checkbox"/> Title I Youth <input checked="" type="checkbox"/>	Title II Adult Education <input type="checkbox"/> Title IV Vocational Rehabilitation <input type="checkbox"/>
STATE: California WIB Code: 06210 - Yolo County Workforce Investment Board			
MEASURABLE SKILL GAINS¹			
Skill Gain Type		Total Skill Gains	
Achievement of at least one educational functioning level of a participant who is receiving educational instruction below the postsecondary level		<4	
Attainment of a secondary school diploma or its equivalent		8	
Transcript or report card for either secondary or post- secondary education that shows a participant is achieving the state unit's academic standards		8	
Satisfactory or better progress report, towards established milestones from an employer/training provider who is providing training (e.g., completion of on-the-job training (OJT), completion of 1 year of an apprenticeship program, etc.)			
Successful passage of an exam that is required for a particular occupation, progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge- based exams		4	
TOTAL		21	
ADDITIONAL COMMENTS:			

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.
