California Workforce Development Board of Directors Briefing: Policy October 8, 2025

The Board of Directors will be voting to approve two items:

Regional and Local Plans

Background

As outlined under Workforce Innovation and Opportunity Act (WIOA) Section 106, Regional Workforce Development Plans (Regional Plan) provide a roadmap for the alignment of resources and investments to meet specific outcomes within the 15 Regional Planning Units (RPU). Regional Plans are used to articulate how RPUs will build intentionality around industry sector engagement, drive workforce development outcomes across multiple jurisdictions, and expand on-ramps to career pathways for individuals who experience barriers to employment.

Additionally, as outlined in WIOA Section 108, Local Workforce Development Plans (Local Plan) provide an action plan for operationalizing the Regional Plan Road Map by delineating how individuals can access services through their local America's Job Center of California (AJCC) system. Local Plans articulate how Local Workforce Development Boards (Local Board) will coordinate with local partners to ensure personcentered service delivery.

In addition to the federal planning requirements, WIOA indicates that Regional and Local Plans should be consistent with the State Plan's vision and goals. For purposes of developing cohesive narratives for Regional and Local Plans, the CWDB published Workforce Services Directive (WSD) 24-09 published on December 20, 2024, which provided guidance to the field on both federal and state requirements for Regional and Local Plans. The intent of this guidance was to assist in developing a seamless blueprint for the operationalization and implementation of all the required Regional and Local Plan content.

A complete list of hyperlinks to all Regional and Local Plans is attached.

Subsequent Designation & Recertification

Background

WIOA Sections 106 and 107 provide criteria for subsequent designation of Local Workforce Development Areas (Local Area) and recertification of Local Boards. Specifically, WIOA Section 106 requires the Governor to designate Local Areas within the state and WIOA Section 107 requires the Governor to certify one Local Board for each Local Area.

According to WIOA Section 106, a Local Area must have performed successfully, sustained fiscal integrity, and engaged in the regional planning process in order to receive subsequent designation. According to WIOA Section 107, a Local Board must have performed successfully, sustained fiscal integrity, and met membership requirements in order to receive recertification.

The CWDB and the Employment Development Department (EDD) published <u>Workforce Services Directive 24-10</u>, dated January 16, 2025 which contains the required criteria, associated definitions, and an application to request subsequent designation as a Local Area and recertification as a Local Board.

There are 5 criteria that Local Boards must meet in order to be recertified: Local Board Membership, Performed Successfully, Sustained Fiscal Integrity, Engaged in Regional Planning, and Local Area Assurances.
